SPECIFICATIONS

Overview

Sea Ray has long prided itself on the quality of its boats, and the Sundancer 260 is no exception. The Sundancer 260 starts life in a female mold with sprayed gelcoat, then gets a fiberglass and vinylester resin laminate schedule. A one-piece liner with integral stringer grid (in lieu of separate, individual bulkheads and other interior supports) is set in place with adhesive before the hull is removed from the mold. Last comes the upper decks and superstructure. The result is an elegant, strong sport cruiser consistent with a Sea Ray's typical good looks.

Basic Information

Category: cruiser

Sub Category: Express
