Overview

URBAN LEGEND Huge \$38,000 price reduction! Do not miss this opportunity! Owner is very motivated. Broward Yachts are a custom motor yacht builder known for being extremely seaworthy and fuel efficient for over 60 years. With no two Broward Yachts designed the same. URBAN LEGEND needs extensive work to be completed, the video attached shows what she can become with the right new owner! All plates are sound. This incredible Aluminum yacht is truly one of a kind. Unlike all other yachts in its class, this boat has been designed so that she is more of an affordable luxury home, that can go anywhere and never have to visit a marina or dock! URBAN LEGEND is an exceptional value and ready for her next owner. With very economical fuel consumption and a fuel capacity of 5,870 gallons, she is capable of cruising the islands without unnecessary fuel stops. URBAN LEGEND has some projects to be completed as mentioned, she awaits her new owner for the love. She accommodates 12 guests in (6) staterooms, (3) King Bed Suites, and a Suite that has Twin Berths with a Pullman, along with an additional Suite with Twin Beds and a Pullman. All Master and Guest staterooms have en-suites with Mosaic tiles and Marble Sink Tops. There is some love needed to bring her back to her beauty, SHE IS PRICED TO SELL! contact William today at: 702-708-0388. (There is a 2019 survey within the images attached)

Page 13

SURVEY REPORT FOR "URBAN LEGEND"

Underwater Hull Areas & Running Gear:

The underwater areas were fully inspected and numerous anodic gauge readings were taken and found good. The hull was prepared for painting and new paint was applied prior to the vessel being launched. The cutlass bearings and zincs were renewed.

All of the running gear was inspected and found good.

Topside:

All of the topsides were found fair with only several minor dings and scrapes noted. The swim platform is integral and was found good.

Exterior:

The vessel comes with the standard layout and as listed previously in this report was well found. All equipment was found in fair condition. The side decks are of good size leading to the fore deck with side deck doors on each side that give access to the salon and starboard companionway. The anchor windlass was found securely installed on the centerline. There is built in seating all of the windows with good storage below and in the "bowman" locker that has access from port and starboard sides.

Aft Deck & Swim Platform:

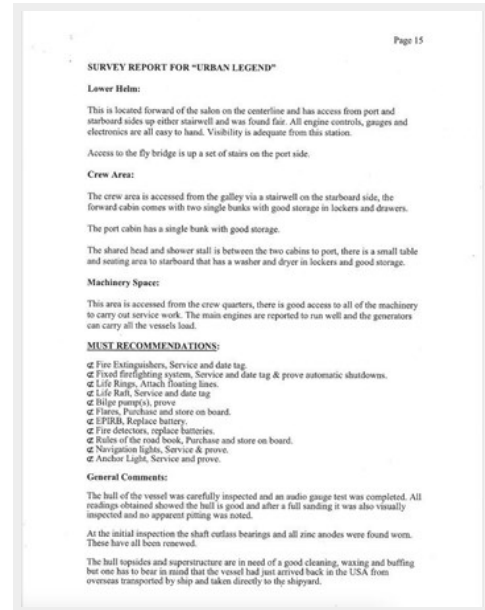

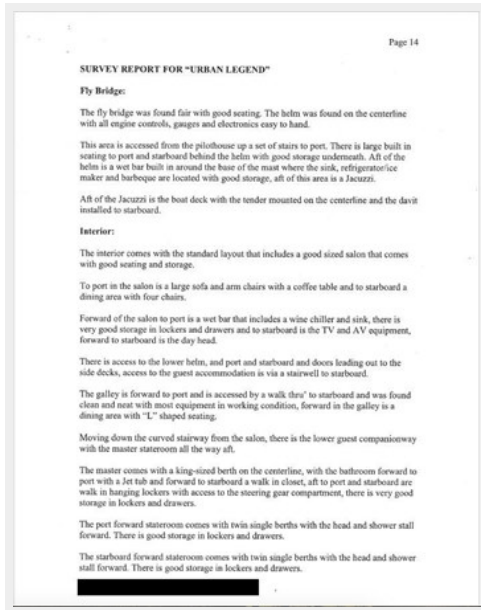

This is of an adequate size and allows easy handling of docking lines and access into the salon. There is a table and bench seats around the table and seating to starboard. A console forward to port is where the refrigerator, ice maker and sink are installed.

There are two side boarding gates to port and starboard in this area and two deck winches.

Access to the swim platform is down stairways to port and starboard where there is a large storage locker on the centerline and a deck shower to starboard.
