SPECIFICATIONS

Overview

NEW & Nearly fully-loaded !!

The Beneteau GT41 is a sleek and stylish boat, designed with a sporty profile sure to turn heads in any harbor. Designed for both speed and comfort she features a full hardtop that provides protection from the elements making it a great option for families on San Francisco Bay.

The interior of the GT41 is spacious and luxurious, with room for six overnight guests. The air-conditioned two-cabin layout consists of high-end finishes and modern amenities, including a large head & full galley belowdecks. Optional dinette table converts into a sleeping berth for two. Her newly designed teak cockpit with new grill station invites more seating & sun bathing at the stern.

A powerfully sporty boat capable of 40mph, the GT41 is equipped with twin Volvo 380 hp diesels. Whether this is your first boat or fourth the joystick control system makes maneuvering a breeze giving anyone at the helm supreme confidence.

Some key features include:

- *Twin Volvo D6 380hps engines*
- *Joystick piloting*
- *Bow Thruster*
- *Oversized electric sunroof*
- *Electric submersible swim platform*
- *Teak cockpit & swim platform*
- *Generator & Inverter*
- *Heat & Air conditioning*

The new Gran Turismo 41 joins BENETEAU's express cruiser line renewal, which includes six models from 32 to 50 feet. The goal of this 41-foot powerboat was to build on the legacy of the Gran Turismo 40, well-known for its seaworthiness and beautiful design, while taking the practical features and Gran Turismo signature a step further. She stylishly follows in the tradition of her predecessor and focuses on the comfort of guests on board.

A key feature of the Gran Turismo 41 is the hard top. It combines the largest opening possible to enjoy the sun and sea with protection for all onboard. In comparison with the GT 40, the Gran Turismo 41 has extra-slim uprights so that the interior is bathed in a greater amount of light. The very large sliding roof, which comes as standard, gives further access to the open air, while offering protection if the need should be felt.

With her sporty hull and slender lines, the Gran Turismo 41 immediately conjures up speed and elegance, but she was also created with entertaining in mind. Everything on board is devised to

make life easier and more enjoyable: safe movement around the boat, a highly-social U-shaped salon, a functional outdoor galley, and many comfortable relaxation spaces.

The lower deck is extremely comfortable, making it ideal for cruising and overnights. Apart from the galley and the head, there are two closed-off private cabins, each with beds parallel to the boat's centerline, offering optimum quality of life on board.

Air Step® technology increases the Gran Turismo 41's speed and stability by increasing the volume of air inflow under the hull. She accelerates faster, optimizing speeds and reducing fuel consumption. This patent has stood the test of time and offers excellent seakeeping, simpler passage through the waves, linear acceleration, and easy-handling of curves. The "Air cushion" effect is reinforced by rear pads; V-shaped steps further improve the boat's stability.

Data Sheet

Basic Information

Category: cruiser

Model Year: 2023

Year Built: 2023

Country: United States

Dimensions

LOA: 41' (12.5mm)
