SPECIFICATIONS

Overview

All new boat design in 2024, the Solara S-310 Sport Coupe takes entertainment and adventure to an entirely new level. This feature-rich 31' coupe is designed to play, host, stay, fish, and more. It's built upon our advanced double-stepped deep-V hull with laminar flow interrupters and powered by twin Yamaha F300 outboards. True to the Solara Standard, the S-310 SC is loaded with premium features. State-of-the-art electronics include twin Garmin 8612 chart plotters, Bluetooth-enabled Fusion stereo system, auto-leveling Lenco trim tabs, bow and stern cameras, and Helm Master level 3 autopilot, all as standard equipment. Premium Lithium (LiFePO4) house batteries provide extended power while away from the dock. (continued below).

- Continue Reading

To say the S-310 SC is a master of entertainment is an understatement. Three distinct on-deck social spaces and sleeping accommodations below make this sport coupe beyond ready for all-day fun. The large cockpit features seating for 6, including our fold-out seats and two versatile lounges. The convertible sunset lounge can face both forward and aft, and the transforming dinette backrest flips to become a spacious lounge. In the open and airy cabin of the S-310 SC lies a full galley with ample storage, an L-shaped dinette, LED edge lighting, lighted speakers, and a wide opening sunroof.

The Helm of the S-310 SC is a true command center featuring twin chart plotters, autopilot panel, and accessory switches, all within easy reach. Inlaid, red-woven carbon fiber adds a premium touch to the switch panel. A portside walkthrough allows convenient access to the spacious bow lounge. Standard bow and stern sunshades keep guests shaded on the hottest of days. Belowdecks, a climate-controlled forward stateroom, and head with shower are perfect for overnighting and long stays alike.

Avid sportsmen will be ready for action with a full suite of fishing features including gunwale mounted rod holders, a livewell, raw-water washdown, and available outriggers. Included EVA traction decking adds a durable and comfortable non-skid surface throughout. From a calm morning cruise, an afternoon on the sandbar, or a lively evening cruise with the lights on and the stereo blazing, the S-310 SC is ready for any adventure.
