SPECIFICATIONS

Overview

The S-310 Center Walkaround brings unmatched versatility in an agile and sporty platform. Built to excel at fishing, overnighting, and entertaining guests in style, you'll find features to enhance every experience.

Powered by twin Yamaha F300 outboards, the S-310 CW delivers exceptional performance and speed. Quick planing ability and high efficiency are afforded by an advanced double-stepped hull. Our uniquely designed Laminar Flow Interrupters provide outstanding cornering ability. The deep V forward and tapered bow flare allow the S-310 CW to handle rough water with ease. In the cockpit, it's an angler's paradise. With 6-rod holders topping the gunwale, 8 rocket launchers, floodlighting, EVA traction decking, and a large live well, you'll be ready for any fight. Pop-up cleats retract for a snag-free cockpit. Below deck, you'll find a built-in fish box and additional storage in the lazarette. The self-bailing deck and raw water washdown make cleanup a simple task.

The cabin is a comfortable escape from the elements. Air conditioning and reverse cycle heating allow you to keep the interior at the perfect temperature. The large V-berth converts to lounge seating for additional entertaining space. In the cabin, you'll also find a Bluetooth-equipped, multi-zone Fusion stereo system, refrigerator/freezer, LCD flatscreen, 110v outlets, rod storage, and opening portlights. From the main cabin, you'll find a fully enclosed head with an electric flush toilet and shower.

At the helm, dual Garmin 8612 chart plotters provide a fully customizable display for complete confidence. Integrated bow and stern cameras, electronic throttle controls, docking lights, available joystick control, and a bow thruster make docking easier than ever. Additionally, the helm sports a Yamaha engine display with fuel flow, autopilot and tilt steering wheel.

The walkaround leads to a spacious open bow featuring a Fusion stereo with subwoofer, hardtop accent lighting, eleven drink holders, a removable table, and seating for six. Our bow utility console houses a fully recessed anchor, line storage, and a fold-out bow ladder for easy access to the beach.

The S-310 CW is built in the USA, fully loaded with premium features, and ready for your next adventure.
