SPECIFICATIONS

Overview

A CURVY, SPORTY EXTERIOR DESIGN. At 50 metres and below 500 GT, Sophia is an all-aluminium, fast-cruising yacht powered by green ocean engines. Heesen's 50-metre fast-cruising class is the first of its kind below 500 GT to comply with IMO Tier-III regulations. A curvy, sporty exterior design by Omega Architects complements Sophia's performance and crisp design features. Heesen's optimised, low-drag hull design with a reduced transom depth allows for a shallow shaft angle. This makes Sophia comfortable in rough seas yet perfect for cruising shallow waters. The ultra-efficient hull shape delivers on engineering and adventure, meaning Sophia is ideal for both island hopping and longer passages.

Basic Information

Category: mega yacht

Sub Category: Superyacht

Model Year: 2026

Year Built: 2024

Country: Netherlands

Dimensions

LOA: 164' (49.98m)
