SPECIFICATIONS

Overview

Over \$5 million has been spent on the MY GIRL refit over the past few years to include all new paint, zero speed stabilizers, Atlas shore power converter, American bow thruster, ABT Trac stern thruster, new A/C chillers and much more. George Paturzo with Paturzo Yacht Design was commissioned and completed an all new high-end interior. MY GIRL features a 4 stateroom layout with full-beam master stateroom, queen VIP bow stateroom and two twin guest staterooms each with extra pullman berths. Her crew quarters accommodates 4 crew in two crew staterooms. She is powered by reliable Caterpillar C32 Acert diesel engines with extremely low hours. The vessel has great entertaining space in the main salon, flybridge, aft deck and foredeck. Everywhere you look on this vessel you see quality and well thought out spaces for your enjoyment. This is a must-see vessel as she shows in "BRAND NEW" condition. See the Updates section at the end of the specifications.
