Overview

Rare Classic: For those who can appreciate a very well built and timeless yacht. John Trumpy designed and built the most iconic American motor yachts from the 1920's until the 1970's. They always evoke a much kinder, gentler time in American history wherever they grace a harbor or marina. That was a time when yachts were yachts and life was simpler. John bestowed much love, elegance and functionality into each of the over 400 yachts that were built bearing the name Trumpy. Perfect timeless opportunity for an owner who loves history, well-built designs and a project to turn into a potential venue, live-aboard or experiential accommodation.
