ХАРАКТЕРИСТИКИ

Обзор

2018 Beneteau Monte Carlo MC4 FRESHWATER AND BOATHOUSE KEPT!!!! GRATEFUL is the perfect option for you and your family/friends to cruise in style and comfort. Equipped with the Volvo D6 IPS system, the boat feels like it is on rails. The IPS system also gives you a 30% savings in fuel. With a generator, AC/Reverse cycle heat, hydraulic swim platform, Flir Thermal Imaging Camera, enclosed flybridge, enclosed aft deck, washer/dryer and two staterooms, this boat lacks nothing for your creature comforts. The PERFECT cruising platform. You will not find a nicer MC4 out there. GRATEFUL is going to make someone very happy. The current owners decided to go to a bigger, more long distance vessel (60 Nordhavn), and are ready to let GRATEFUL go to new owners. The current owners are the type of owners that make sure every little thing is always taken care of, and the boat is Bristol. The light and open salon is a great gathering point, and with the sliding salon doors, and opening door to the aft deck, the aft deck and salon become one. With the full enclosure, you can use this space in warmth and comfort year round. The salon also has two power opening side windows for great airflow. The galley to portside is well equipped with under counter fridge, a two burner glass top stove, an undercounter microwave, and stainless steel sink with foldout faucet. To starboard is a good size settee, and high-low table controlled by a switch under the helm seat. The settee converts to an additional berth. Forward of this settee is the lower helm, with full engine and docking controls, twin Simrad MFD's (run radar on one, and charts on the other), Flir camera control, and various lighting controls, wipers etc. The forward windshield is huge, and a single pane with no center column to obstruct your view. To port of the lower helm is storage, a fridge/freezer, and the washer/dryer. Ahead are the stairs to the accommodation. To port on the lower level is the head that the VIP stateroom uses, and it doubles as the day head for guests. The aft end of the accommodation is the expansive, full beam master stateroom, with excellent storage, and an ensuite head and shower. The in hull oval windows provide wonderful natural light, and the island queen provides a great space to stretch out on. The VIP stateroom forward has an island queen too, and a large amount of storage. The aft deck has a good size settee, and folding teak table. Under the seating is a very large lazarette storage with removable floorboards to access the top of the pods and various other systems. The teak and stainless steel stairs to the flybridge are easy to ascend, with a large plexiglass door on gas hinges. Once on the flybridge, you will be amazed at how much real estate there is up there. A large folding teak table has seating for about 6 people, and there is a convertible sunbed forward and to port. In the aft end, there is a 12vdc coldbox to keep beverages cold while you enjoy them gazing out at the beautiful view from the flybridge, through the polycarbonate enclosure. Forward and to starboard (right behind helm chair) there is a wet bar with storage. Then upper helm station is equipped with all the same controls etc as the lower helm. There is a single Simrad MFD up here. Forward of the venturi is the Flir Thermal Imaging Camera. There are also overhead LED lights installed in the canvas bimini top. The foredeck is easily accessible from either side deck, with good handholds, and has two large adjustable sunbeds for peaceful relaxation in the sun, with a beverage and a good book. There is full access to the anchor, anchor windlass control, and the anchor locker. There is

also a teak bow seat to sit on underway, and watch the dolphins play in the bow wave. The engine room is accessed through the large aft deck hatch, with ladder access. The generator is forward, HVAC system aft to port, and engines are in enough open space to get all the way around them to perform any service work easily. The engine room like the rest of the boat, is clean enough to eat out of. All in all Grateful is an amazing, clean, well optioned cruising platform, whether it is on the river, in the sound, or doing the Great Loop. This 2018 Beneteau MC4 will not disappoint.

Основная информация

Тип судна: Flybridge
