SPECIFICATIONS

Overview

Built by Astilleros Armon, WAYFINDER is the second catamaran motor yacht to be launched by her builder, following the launch of the 66.2-metre Hodor in 2019. The catamaran features an exterior designed by Incat Crowther with an interior imagined by Oliver Design. The vessel has a 14-metre beam, affording her a 1,737 GT volume. WAYFINDER was custom-built to act as the ultimate support vessel for a large superyacht. She can hold up to 200,000 litres of fuel, reach speeds of 20 knots, and store vast amounts of food supplies and a full array of toys and dive equipment. In addition to having a fully certified helideck and hangar, she features a dedicated spare parts workshop and an onboard fully equipped medical suite. WAYFINDER is capable of storing three tenders of up to 12 metres, as well as three small tenders on an open deck. The vessel can accommodate up to 20 crew and 12 guests / staff. WAYFINDER is also equipped with a water level gym, medical facilities, a large lounge, a helicopter hangar, and a fully versatile commercially certified helipad. WAYFINDER sports twin MTU 16V 4000 M73L engines, reaching a top speed of 20 knots. Her propulsion system has been designed to reduce the vessel's nitrogen oxide emissions to two grams per kilowatt-hour, contributing to the vessel's reduced emissions.

FEATURES • Fully Certified Helipad • Heli re-fuelling capabilities • Heli hanger for up to EC 145 • Fully equipped medical suite • 12 individual en-suite guest / staff cabins • State of the art security systems • A fleet of 6 custom tenders + 3 Custom tenders worth 5 million USD + • Guest / staff / crew gym with balcony • Full dive set up including Hyperbaric Chamber and dive compressor • Top speed of 20 knots

Basic Information

Category: Motor Yacht

Model Year: 2021
