SPECIFICATIONS

Overview

Replacing the 48, which is one of the best-selling Leopard Catamarans of all time, the Leopard 50 is a luxury sailing cat that has been tried and tested in the challenging ocean conditions in South Africa. Its performance, comfort and handling are typical of Leopard's standard in building one of the best vessels in the world. The layout is practically designed for more indoor and outdoor living space. The salon features a traditional flybridge that also keeps the helm station well-protected behind the bulkhead and equally protected by a dedicated hard top. A key design feature on all Leopard Catamarans is direct access and visibility into the aft cockpit.

Passengers can enjoy this flybridge space that includes a lounge area, table and sunbed with a shade awning.

Cabin configurations all feature private ensuite heads with their own designated shower area. Cabins feature island berths that allow access from both sides providing a setting that feels like home. There is also a utility room for live aboard and an extensive options list that provides the ultimate livability and comfort.
