## Overview

---

Tecnomar 155 FT project was born from the need to give continuity to the highly successful line of Tecnomar-EVO in terms of style and functionality.

The exteriors, strongly sporty and characterized by sinuous and captivating lines typical of the Tecnomar brand, guarantee all the comforts that a length of 46 meters can offer without exceeding 499GT.

The innovative beach area, with a large stern window, features 2 foldable doors that allow direct access to the sea and a connection with the external area, allowing 360° livability between interior and exterior.

The spacious sun deck is equipped with a large bar and a sunbathing area with a swimming pool.

A swimming pool is also found in the extreme bow area on the upper deck connected to a large sunbathing area, convertible into a pleasant dining area with a 180° view of the sea.

The interiors are characterized by 2 large lounges on the full-beam main deck and 5 cabins. 2 guests on the lower deck, 2 VIP cabins on the main deck and the Owner's cabin on the same deck.
