SPECIFICATIONS

Overview

1994 Munson Work Boat Discover unparalleled performance and reliability with the 1994 36-foot Aluminum Munson Work Boat, now available for purchase. This vessel has been meticulously maintained and recently upgraded to meet and exceed the demands of modern marine work environments.

Key Features: Year/Model: 1994 36-foot Aluminum Munson Work Boat. New Engines: Installed in 2016, the boat is powered by twin Turbo Charged 6 cyl Volvo Penta D11-510 diesel engines, offering a formidable 510 hp (375 kW) each. These engines have seen less than 500 hours of use, ensuring robust performance and reliability for years to come. Speed and Power: Equipped with Dual Hamilton 362 Jet Pumps and capable of reaching speeds of 35-37 knots, this vessel offers exceptional maneuverability and efficiency. Professional Refit: Initially refitted for a specific contract, this boat includes bumper tires professionally installed around the hull for added safety and is configured for efficient passenger loading and unloading (Pilot Boat Style). Advanced Navigation and Safety Equipment: Comes fully equipped with a Full GPS system, Raymarine HybridTouch, Marine Radio Standard Horizon Quantum GX5500S VHF, compass, and complete safety gear on board. Exterior and Interior Amenities: Features include exterior cameras for enhanced security, an inverter system for power autonomy, cabin and exterior lighting, two skylights, aluminum grab rails, and a heater for the engine compartment. Storage and Accessibility: A spacious storage room under the cabin, transom ladder, cabin roof ladder, foldable communications tower, and more, provide ample space and ease of access for all operational needs. Towing and Anchorage: The rear deck tow bar, bow bollard, and anchor storage on the bow are designed for versatile marine operations. Construction Quality: Built by Munson Boats in Burlington, Washington, known for their high-quality aluminum vessels. The boat's construction includes Plate Aluminum for the hull, cabin, and decks, ensuring durability and longevity. Additional Specifications: Transmission: Twin Disc (Model MG5075SC) Exhaust: Wet exhaust through the transom Steering: Seastar Hydraulic Steering with Volvo Penta Electronic Controls Electrical System: Includes AGM and Odyssey Xtreme batteries, supported by a ProMariner ProNautic 24 Volt and Magnum MS2012 12 Volt battery charger.

Ideal for Various Marine Applications: Whether you're in the market for a work boat, patrol boat, transport vessel, equipment tender, transporter, escort, tow, or pilot boat, this Aluminum Munson Work Boat is versatile enough to meet a wide range of commercial needs.
