Overview

2008 Tango 80 | Oneironaut

Oneironaut is an 80-foot luxury motor yacht built by Tango Yachts in Argentina that lives up to her name which means 'dream voyager'.

Currently operating as a profitable small group adventure diving charter vessel in the Asia Pacific region, with bookings through to October 2025, and a captain, chef, engineer, hostess and dive guide/crew who know the boat inside out.

Bookings are two months on and two months off, allowing plenty of time for owners to take advantage of the amazing adventures on offer.

The new owner can decide whether or not they want to use the captain and crew when they are on board.

Her upcoming schedule includes dive trips in the Solomons, Papua New Guinea, Paulau, Philippines, Borneo and Thailand. Of course, you can decide to use the boat exclusively after the charter bookings end, or you can continue the business as it operates now, meaning you have access to a stunning adventure vessel six months a year that pays for itself in the other six months.

A recent extensive refit to both interior and exterior have taken this yacht to the next level in terms of comfort and style, with many features added to create a superb platform for exploration and enjoyment.

A key feature of the rebuild was the addition of a Seakeeper 26 gyrostabilizer, providing an unsurpassed level of stability on board by eliminating boat roll, thus ensuring comfortable cruising for everyone, even in less than favourable conditions.

The well-equipped galley adjoins the spacious saloon and integrates the indoors and outdoors, featuring stunning teak decks. Multiple refrigerators and freezers allow for gourmet entertaining on long journeys.

The flybridge is a great place to enjoy the outdoors while underway or at anchor, and includes a grill, fridge and retractable sunroof.

The two updated Volvo Penta D6 engines - with a top speed of 14 knots and total fuel consumption of 25 L/hr at cruising speed - have only done 1100 hours.

Fully set up for adventure, onboard equipment includes air & nitrox compressors, scuba tanks, seabobs, scubajets, fliteboards and inflatables.

There is accommodation for eight guests in four ensuited cabins, including spacious master and owner's cabins, plus quarters for four crew.

Contact our Phuket office to arrange an inspection or to discuss further details about the business model that is currently in place until October 2025.
