## Overview

---

Prestige Worldwide is a wonderful example of a well maintained Cruisers 415 aft cabin MY. She has just returned from a recent visit to the yard, where her bottom paint was renewed, both main engines and the generator were serviced and new underwater lights were installed in April 2024.

When you board Prestige Worldwide from her expansive swim platform, it is just a few steps up on her molded in fiberglass stairway, to the aft deck. The aft deck has newer polycarbonate side curtains, completing the enclosure under her factory hard top. This allows the aft deck to be enclosed for use of the optional air conditioning and heating system! Also included with this enclosure are privacy curtains, that easily mount on the inside, to keep the sun out and also add a high level of privacy!

You will also be instantly impressed by complete new upholstery on all cushions and seat backs, they are spotless! The current owner has also had new, removable carpet flooring installed in this area as well. There is also a wet bar here with refrigerator and storage, for entertaining your friends and guests.

Audio entertainment is also provided by a high end Fusion, multi zone stereo system, with remote hub control at the helm. Lighting is provided by LED courtesy lights at floor level or tri color ceiling LED lights to set the appropriate mood for the party!

The helm area has a newer electronic binnacle control for the twin Yanmar Diesel engines, that also featuring dual digital engine displays, allowing you to source a wide variety of engine parameters and data. There is plenty of life left in these optional premium motors, as they each have under 600 hours! Navigation is made simple with dual Raymarine chart plotters, there is an E120 as well as an E80. Complimenting these are Raymarine autopilot and radar, all in one integrated package. For communication there is a fixed VHF radio and two Cobra hand held VHF radios. Should your plans include navigating at night, there is also a bow mounted, remote control Jabsco spot light.

Cruising trim and balance is easily controlled by Bennet trim tabs, and docking is a sinch with the newer bow thruster! Leaving the dock is also made easier with the 50 AMP single cable Glendinning retrieval system that also comes with a wireless remote control. When you leave the dock, should you wish to enjoy the comforts of air conditioning, etc., just fire up the 11.5KW Onan diesel gen set, featuring 1228 hours on it.

Moving down through the sliding door several steps you arrive in the bright spacious salon. Immediately to port is a FlexSteel L shaped sofa with built in recliners. To starboard is a dinette area that easily seats 4 adults, making meal time or game night a piece of cake to set up for! Immediately abaft the dinette is the Galley. This area features a two burner glass top cooking surface, a combination microwave/convection oven, a full size refrigerator, also featuring plenty of storage for the gourmet chef. Immediately above the refrigerator is a large cabinet with a

Samsung smart TV, flush mounted to the cabinet door. TV reception, weather at the marina or offshore, is provided by the Intellion satellite TV dish!

Snap in carpet runners are also thoughtfully installed in all high traffic areas to protect the surface from sandy feet! There is also a built in Broan central vacuum system making clean up a snap!

Moving forward down a few steps from the salon you will enter into a small hall area, to port are several opening cabinets for storage, to starboard is the head area featuring a Vacuflush head as well as a tank level monitor.

Moving forward from here you enter the VIP cabin featuring an island queen berth. There are steps on either side of the bed for ease of entrance. There are also individual reading lights that are bulkhead mounted. Surrounding the bed are an assortment of cabinets for plenty of storage options as well as a large hanging locker. There is an LG flat panel TV mounted for easy viewing while relaxing on or in bed as well as a stereo. Just aft of the entrance door on the port side of this cabin is a private shower enclosure. This is a very nice feature allowing day use of the head, located immediately outside of this cabin, and also accessed with a private door, while also having private access the the shower compartment from the cabin proper! And as expected, there are plenty of opening port holes and hatches for those days when you prefer a breeze instead of the individually controlled AC system.

From the salon area moving aft on the port side, you will see a cabinet that houses the AC and DC control panels. Also located in here are the remote start controls for the generator.

Going down a few more stairs brings you to a very comfortable Master Stateroom. There is a full size, regular queen mattress on the bed allowing you to purchase those regular size designer linens, without paying a premium to have them tailored to fit an unusual mattress size! Entertainment in this area is provided by a wall mounted Samsung smart TV and built in speakers from the sound system. There is a private ensuite head to starboard with a separate shower enclosure within. You will find plenty of storage space here as well with many cabinets, as well as hanging lockers. One of the most impressive features in this cabin is, immediately abaft the starboard side head area, is a built in Splendide washer/dryer. Making longer trips manageable by having the ability to do your own laundry!!

For the sun lovers in the family, there are two large cushions that attach to the front deck creating a very large, comfortable sun lounge area!

Lets face it, this boat has everything anyone could possibly ask for in a 40 foot envelope. It is serviced and ready to carry its new owners to their next adventure!
