The boat is essentially brand new with complete fresh paint job, all new upholstery and seating configuration, SeaDek flooring throughout. The engines and drives are fresh water use only. The engines and drives currently have 45 original hours on them. The boat has a very modern / retro design aesthetic. Its very impressive looking and has a very notable presence on the water with the through hull exhaust and twin V8 power configuration. To duplicate this build as a brand new spec would be over 500K.
