SPECIFICATIONS

Overview

This 2022 Brabus Shadow 500TT is hitting the market just in time for Spring! The boat is wrapped in a unique Brabus exclusive design, hiding a pristine limited edition, blue gelcoat preserved underneath. The Twin Brabus Mercury 250 Outboards have only 80 hours and have just been broken in. Equipped with everything you could want in a day boat she is primed and ready to turn some heads! Brabus is a symbol of luxury in the fit and finish, but also in ride quality. The hull is constructed with carbon fiber reinforced stringers and a reinforced transom making the ride smooth and fun to drive as it tracks the water, with a great cruise range and top speeds of 55+. The hole shot is something you have to experience to understand, and the boat drafts a maximum of 2' 8" to the bottom of the props. Additional equipment includes: Radar, Spotlight, Bow Thruster, Integrated Helm Wheel, Twin Simrad Glass Helm Display, Large Head, and Full of all the little touches you'd expect in a Brabus Shadow 500TT.
