## Overview

---

Re-powered in 2021 the Motor hours are just hitting 160. Tubes are also new in 2021 and new Sea-deck in 2021. A few of the features include SiriusXM satellite radio, Radar GPS chart plotter, Depth sounder, Auto pilot. Cruise speed is 45 miles an hour at 1.9 miles per gallon top speed 62 miles an hour could get 70 miles an hour with different props. The 2007 Protector Targa is a rugged and versatile RIB (Rigid Inflatable Boat) designed to deliver outstanding performance and durability in a range of conditions. Known for its robust construction and advanced features, the Targa is ideal for both recreational and professional use.

**Key Features:**

- Length Overall:** 27 feet 4 inches (8.33 meters)
- Beam:** 8 feet 6 inches (2.59 meters)
- Draft:** Approximately 19 inches (0.48 meters)
- Engine Options:** Typically powered by twin outboard engines, with configurations available up to 600 horsepower total, ensuring excellent speed and handling.
- Fuel Capacity:** Approximately 160 gallons (605 liters)
- Water Capacity:** Not applicable (typically no built-in fresh water system)

**Design & Comfort:**

- Cockpit:** The Targa features a spacious cockpit designed for both functionality and comfort. It includes cushioned seating with high backrests and a well-placed helm for easy operation. The layout allows for ample space for both passengers and equipment.
- Helm:** The helm station is equipped with advanced navigation electronics, including a GPS/chartplotter, VHF radio, and digital engine displays. The ergonomic design ensures easy access to controls and gauges.
- Bow Seating:** The forward section of the boat includes versatile seating arrangements, often with adjustable backrests that can be configured for lounging or as a more functional space for various activities.
- Storage:** The Protector Targa offers extensive storage solutions, including under-seat compartments and dedicated spaces for gear, safety equipment, and personal belongings.

**Additional Highlights:**

- Durable Construction:** Built with a heavy-duty fiberglass hull and high-quality inflatable tubes, the Targa is designed to withstand harsh marine environments and provide exceptional stability and safety.
- Versatility:** The Targa is highly versatile, making it suitable for a wide range of activities including offshore cruising, diving, and rescue operations. It is often used by maritime professionals as well as recreational boaters.
- Deck Layout:** The deck features non-slip surfaces and a practical layout, including an optional T-top or bimini for sun protection, and a rear swim platform with a ladder for easy water access.
- Customization:** The Targa offers various customization options, allowing for the addition of equipment such as towing capabilities, extra storage, and specialized navigation systems.

The 2007 Protector Targa is engineered to provide exceptional performance and reliability, making it an excellent choice for those who require a robust and versatile RIB. Whether used for professional tasks or recreational adventures, the Targa delivers a powerful and dependable on-water experience. Just finished a complete detail and ready for showing. Trailer Included.
