SPECIFICATIONS

Overview

The Selene Ocean Clipper 58 is the next-generation Jet Tern Marine design with significant length and volume increases. Built on the proven concepts of her next-generation sisters, the hull offers increased efficiency, the Cruiser Stern™, 6'2" standing headroom in the engine room – and an entirely new saloon layout. And it's not just the interior that's big. She has high-capacity fuel tanks, which, combined with increased waterline length, result in exceptional range, speed, and fuel consumption. The hull has been rigorously tank-tested to provide optimal hydrodynamic performance for long-range ocean passage-making. The famous Jet-Tern build quality and superior systems mean she is more than graceful—she is strong! Like all Selene yachts, she features fabulous interior woodwork, exotic granite, a selection of glamorous draperies and fabrics, and high-quality European lighting and interior fittings. All this provides extended cruising in style, comfort and safety!!
