SPECIFICATIONS

Overview

DESIGN BY GUIDO DE GROOT The new Selene 59 Ocean Clipper is the latest iteration of Howard Chen's talent... Designed for a Selene repeat customer in Europe who wanted a yacht as beautiful and safe as any Selene but faster to explore the Mediterranean Sea without sacrificing any of the ocean-going capability of the Selene Ocean Trawlers. Howard Chen's design team took on the challenge, working with the renowned Dutch designer Guido de Groot, and the new Ocean Clipper semi-displacement line was born! The first yacht was launched in November 2017 at the shipyard on the Pearl River and reached the expected speed of 19 knots with her twin engines. With three luxury staterooms, a large salon, an expansive pilothouse with a commanding view of the surroundings, a large cockpit and a vast flybridge, the Selene 59 Ocean Clipper reveals all the skills and expertise of the Selene shipwrights and engineers.

Basic Information
