SPECIFICATIONS

Overview

PROJECT MAGIC is a 44.3m (145.3ft) pedigree sailing yacht designed and built by renowned Dutch shipyard Vitters to Lloyd's classification. Currently under construction in the shipyard, she is due for delivery in Q1 2025

A sporty exterior with dynamic lines comes courtesy of Reichel Pugh Design, paired with a spacious 299GT of interiors designed by Pieter Laureys. The covered main cockpit allows for all-weather al fresco dining and lounging, with further deck space aft. The transom hatch also opens to double as a generous beach club

On the main deck, the lounge has comfortable U-shaped seating opposite a formal dining table to port. Blending inside and out, expansive glass doors aft open out to the recessed aft cockpit. Furnished with the best of everything, a warm colour palette perfectly pairs with modern furnishings.

PROJECT MAGIC hosts 10 guests across five cabins, with a spacious full beam owner's suite located in the stern complete with an en suite bathroom, his-and-hers walk-in wardrobes, and an office. Two additional guest cabins are situated aft of the engine room, with one guest and one children's bunk cabin positioned forward of the engine room.

PROJECT MAGIC is a single screw diesel yacht, giving her a cruising speed of nine knots, a maximum speed of 12 knots, and a range of 3,000nm
