The 25 Tournament is simply a great all-around boat. Rigged with single or twin Yamaha outboards, you'll get to where you want to go quickly and efficiently. Competition has always fueled innovation at Contender Boats. A culture of very competitive captains creates a craving for the best in class options and crew on every boat. Performance through Innovation means Contender is constantly ahead of the pack in creating a boat that is higher quality, more reliable, and more fishable versus the competition. Not just another competitor.....
A
CONTENDERFAST, DRY RIDE Good fisherman want to get there. Great fisherman want to get to the fishing grounds fast, and stay dry. Equipped with a 24.5 degree deadrise hull, and years of fishing knowledge embodied, the 25T will get you there fast with up to 400 HP in both single and twin engine configurations.
CUSTOM RIGGED Every Contender is custom. If you're fishing sharks in California, or sailfish in south Florida, your target species dictates your needs. Don't take a bass boat to a shark fight. Rig your boat to catch your fish with custom outriggers, downriggers, rod holders, electric reel outlets and more to build the fishing machine you've always hoped for.
ALWAYS IN THE GAME Just because the wind is blowing, doesn't mean you have to sleep in on Saturday like everyone else. The boat will handle it. You can't catch them from the couch. Get out there, and get in the game with fishability, reliability, and attention to detail on your side. You're always in the game with a Contender.
