## Overview

---

The GT 70 is built with a resin-infused hull for good strength-to-weight ratio. Her variable dead-rise hull form has a sharp entry for knifing through seas. With her Caterpillar C-32 B power, CJR props, and twisted rudders, she can run at nearly 40 Knots on the pins and is comfortable cruising at 34 knots. She can run with the Big dogs in the rough stuff. Her large cockpit with air-conditioned mezzanine and SeaKeeper stabilization offers you a first-class boating and fishing experience.

The GT 70 interior is very voluminous compared to her competitors which translates to a spacious 5 stateroom, 4 head accommodations. Her interior is elegantly appointed with high gloss mahogany joiner work offset with neutral beige whisper wall. She features beautiful beige granite countertops in the galley and heads.

## Basic Information

---
