# SPECIFICATIONS

---

## Overview

---

The Reel Eazy was custom built for the owner and is a 2003 46' wide-beam designed for fishing and diving by Newton Boats in Slidell, Louisiana. The owner oversaw the construction and ensured the end product included a deck that is perfect for multi-passenger fishing and diving. The vessel provides the best performance, stability and ride sought by all boaters. It has a 16' beam that provides unmatched stability and a 21' by 16' deck that provides for maximum comfort while fishing, diving or just having space to enjoy the ride. This means almost 350 sq. ft. of fishing cockpit and 60 linear feet of fishing space, making it one of the largest passenger decks in the area.

## Basic Information

---
