SPECIFICATIONS

Overview

Bear is an excellent example of the classic first generation Nordic Tug 32 - a full-keeled, semi-displacement cruiser whose classic tugboat profile and quality construction have endeared her to yachting enthusiasts for many years. Purchased 26 years ago by the owners and they enjoyed trouble free boating and have kept Bear well maintained. This seaworthy boat has a classic design, good handling, and lots of storage space. The Nordic Tug 32 has a classic tug-yacht design with a faux smokestack and tug-like pilothouse. This Tug has a full-width cabin with lots of natural light, storage, and a galley with a stainless steel sink and faucet. Bear is an excellent choice for coastal cruising and has good lines and handling. Built with rugged craftsmanship, it is designed to handle challenging waters. Its solid, hand-laid fiberglass hull and reinforced structure ensure durability and reliability, even in rough seas. The boat's full-displacement hull and moderate beam provide excellent stability and a smooth ride. The enclosed pilothouse offers protection from the elements while still providing great visibility. This makes navigating through rain, fog, or wind more comfortable and safe. With a well-balanced engine and efficient fuel consumption, the Nordic Tug 32 is ideal for long journeys and island-hopping. Its range and economy make it well-suited for exploring the extensive waterways. This boat is in an LLC. No sales tax. You are purchasing the LLC which is not taxable.

Basic Information
