Overview

Success, beyond the most ambitious goals

The Absolute 50 Flybridge is truly the 'Absolute Achievement' thanks to an excellent balance of size and functionality that nurtures the comfort of your guests. Dynamic and innovative, this yacht decidedly captivates your senses through elegant color combinations, fine materials, and exquisite finishing touches.

The exterior lines highlight the wide, uninterrupted windows created from Absolute's inventive reduction in the typical pillars. This has equally benefited the lower deck cabin windows which are similarly without obstruction.

Opportunities for relaxation outdoors are abundant, highlighted by the comfortable and versatile aft cockpit that is directly connected to the galley. The sofa is easily converted into a large sunpad for soaking in the warm sunshine. The flybridge area, among the largest space for yachts in this class, offers a large table surrounded by a sofa. In addition, it also features a full galley space, a helm with double seating, and another comfortable sun lounger.

The third sunbathing area is located at the bow, easily accessible through a pleasant and well-protected walkway.

Spaces engineering: design in motion

The exterior lines of the 50 FLY are a chromatic contrast characterized by the main deck interior which is bright, airy, and finely furnished.

On the left side of the entrance, the galley is equipped with practical countertop space for food preparation, as well as plenty of storage for longer cruises. An electrically sliding glass can open up the aft cockpit to the galley which allows for easy serving to guests.

The furniture in the salon has been redesigned to offer new stowage space, maximize the interior volume, and provide a comfortable place to relax after a long day in the sun. Furthermore, large sofas, furnishings, new air conditioning systems, and the entertainment area contribute to making the onboard experience truly delightful.

The main deck helm station is ergonomic, well-equipped, has a, opening side door that is particularly helpful when maneuvering, and a complete controls for the yacht.

Elegance and exclusivity for an Absolute navigation experience

Located midship on the lower deck, the full-beam master cabin is very spacious, refined

with elegant color combinations, and equipped with big storage spaces. It offers an incredible view of the sea thanks to two side unobstructed windows. The en-suite head is lavishly decorated with the finest materials possible.

The VIP cabin also covers the entire beam of the boat. It is comfortable and bright with an ensuite head that has double access from both the stateroom and the companionway. Finally, the third guest cabin has two berths and a walk-in closet. The aft crew cabin can be easily used for extra guests if desired.
