SPECIFICATIONS

Overview

Designed as a support vessel, AXIS offers yacht Owners unparalleled flexibility when travelling. Her exteriors were drawn by Damen Yachting and feature a robust and commanding profile, with her hull and superstructure constructed from steel, ensuring longevity and high performance in all conditions and destinations. Powered by 4 x 1,499 Hp Caterpillar engines, AXIS yacht reaches a top speed of 20 knots and cruises comfortably at 12 knots. The inclusion of Quantum Marine stabilisers and the distinctive axe bow ensure maximum comfort and stability whilst at anchor and when underway. With her shallow draft design and impressive 5,000nm range, AXIS enables access to the most secluded and shallow waters. AXIS accommodates up to 6+2 guests, across three cabins on the main deck, including two Queen double cabins with pullman berths and one four berth cabin. There is further accommodation available for a crew of up to 11 across four cabins, further enhancing levels of service to a mothership.
