SPECIFICATIONS

Overview

A successful combination of price, comfort and performance helped make the 42' Golden Star one of the best buys in the motor yacht market during her mid to late 1980's production years. Construction is solid fiberglass, semi-displacement hull with moderate beam, hard chimes and a long prop-protecting keel. After several floorplans over the years the roomy two-stateroom layout with galley down became the most popular.

Basic Information

Category: Motor Yacht

Sub Category: Sundeck

Model Year: 1988

Year Built: 1988

Country: United States

Dimensions
