SPECIFICATIONS

Basic Information

Category: Cruiser

Sub Category: Express

Model Year: 1999

Year Built: 1999

Country: United States

Coast Guard #: 1089895

Dimensions

LOA: 38' 0" (11.58m)

Beam: 12' 6" (3.81m)

Min Draft: 1' 10" (0.56m)

Speed, Capacities and Weight

Cruise Speed: 26 Kts. (30 MPH)

Max Speed: 30 Kts. (35 MPH)

Displacement: 18000 Pounds

Water Capacity: 110 Gallons

Fuel Capacity: 400 Gallons

Hull and Deck Information

Hull Material: Fiberglass

Hull Designer: Ted Hood

Engine Information

Engines: 2

Manufacturer: Yanmar

Model: Hamilton Jet

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Vessel Walkthrough

Immediately upon boarding over the highly varnished cockpit boarding covers one steps into the cockpit by means of a custom made built-in teak boarding step, with its twin on the other side of the cockpit. The cockpit sole is lightly oiled teak. In the aft area of the cockpit is a full beam bench which, along with the rest of the exterior bridge deck seating, has been recently recovered. Up one step is the bridge deck with a large L-shaped freshly upholstered settee which will comfortably seat at least six people and a highly varnished teak table making this a very comfortable social area while cruising or sitting dockside. Directly across on the starboard side of the vessel is a custom made freezer cabinet with drawer as well as cabinet storage. Moving forward is a white Stidd helm chair, the command seating. On the right arm of the seat is the JetStick control. In front of the helm seat on a custom made low profile teak electronics pod is a full array of electronics and a Mathers electric throttle control system. With the JetStick and Mathers controls this is one of the most maneuverable and easy to handle JetDrive vessels on the water today. It handles unbelievably easy. Moving forward and down three steps is the very spacious vessel salon. The main electrical panel is on the starboard side halfway down the steps. There is a head with shower on the portside followed immediately by the galley area which has never really been used on this vessel. Across from the galley is a large settee with cabinet and drawer storage both below and above. Moving to the forepeak of the cabin is an exceptionally large V-berth with drawer storage underneath as well as double hanging lockers on either side.

Galley

- Norcold refrigerator
- Panasonic microwave oven
- Kenyon (2) burner electric range
- SS sink
- Extra freezer behind helm seat
- Teak flooring
- (6) Gallon hot water heater
- Cabinet storage above & below

- Electric JetStick steering system
- Vetus 7" electric bow thruster
- High water bilge alarm system
- (3) Bilge pumps
- Bilge engine room blower
- Vacu flush head w/ holding tank
- (6) gallon hot water heater
- Pressurized hot & cold water system
- 12,000 BTU reverse cycle Marine Air system
- Automatic halon fire extinguishing system
- Bronze sea water strainers

Remarks

"TECHBULL" is a one of a kind. Not only has this little jewel never been slept in, the range has never been turned on. Equipped with the best electronics (2004), new paint (2004), new canvas (2004), and a factory installed fiberglass hardtop. "TECHBULL" shows better than new at almost half the price.

Exclusions

Owner's personal belongings.
