Overview

Introduced in 2003, the Sea Ray 340 Sundancer replaced the previous 340 Sundancer 1999-02, a popular model in the builder's line for several years. Wider in the beam than her predecessor, with a newly designed cockpit and a deep-V hull, the sleek styling of the 340 Sundancer conceals an interior that seems remarkable spacious for a 34-foot boat. The cabin is well lit with seven ports and overhead hatches, and the upscale décor is accented with rich cherry cabinetry and earth-tone fabrics and upholstery. The layout is typical of most Sundancer interiors with a pedestal berth forward and convertible settees in the salon and mid-cabin area. Corian counters and quality hardware are found in the galley, and privacy curtains separate the sleeping areas from the main cabin. Semicircular lounge seating is aft in the cockpit, and an electric hatch lifts the full size engine hatch. The helm is notable for its excellent design and good visibility. A premium express finished to very high standards.
