Manufacturer: Yanmar

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Vessel Details

TROPICAL ADVENTURES has a large cockpit for fishing or diving with doors to the swim platform for easy access to the water. There is a hydraulic boarding passerelle, which is useful for boarding the vessel when tied stern-to in a marina. (It can easily be removed if not desired.) From the cockpit, you can either enter the main salon through sliding doors, or ascend a molded fiberglass staircase to the flybridge and helm station. On the flybridge, there is full electronics, including Simrad autopilot, Radar, GPS chartplotter and a VHF radio. As you enter the main salon from the aft deck, you have a panoramic view with 360-degree visibility from inside the salon. The galley is aft to the port side, the dining table forward in the salon, and a settee is located on the starboard side. Stairs port and starboard lead down to the heads and the four staterooms with double beds in each. Two staterooms are located forward in the hulls and two staterooms are located aft in the hulls. Both of the aft staterooms have access doors to the engine rooms. Additional engine room access is available through large deck hatches in the cockpit. The generator is located in the starboard engine room aft.

Accommodations
