Fuel Capacity: 400 Gallons

Accommodations

Total Cabins: 2

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: Cummins

Model: 6CTA

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Introduction

A great entertainment platform, this Express Bridge has one of the more expansive interior layouts of any similar boat in her class. With her space-saving V-drive power systems and low deckhouse profile, her sunken salon utilizes the entire width of the hull to create a huge, wide-open floor plan on a single level. Her after deck features engine access under the cockpit, molded cockpit bridge steps - something not seen in other express bridge models. She is built on a fully cored hull with moderate beam and prop pockets to reduce shaft angles. The fly bridge is arranged with the wrap-around helm console/settee on the centerline and additional seating forward. A pass-through in the bridge coaming provides access to the foredeck with its built-in bench seating. The cockpit features a full bench seat at the transom as well as dual transom doors. ACCOMMODATIONS: A highly desired floor plan with two staterooms below. The mid-ship Guest Stateroom, which is accessed via a private doorway off the center hallway, includes a full-length bed with a cedar-hanging locker. Guests in this amidships stateroom have direct access to a head, and the forward stateroom is fitted with a pedestal bed, as well as a full entertainment center and its own head and shower. High gloss cherry cabinetry, black granite countertops, and vinyl overheads highlight this upscale interior. Topside, the party-time flybridge has an L-shaped centerline helm with a wet bar and seating for a small crowd. A door in the forward bridge coaming provides quick access to the foredeck. Underwater exhaust, a radar arch, and a foldaway cockpit seat are standard, and there is an extended swim platform. GALLEY:

- Full size refrigerator/freezer
- Microwave
- Kenyon Euro Style glass cooktop
- Built in coffee maker
- Wood Galley Floor. ELECTRICAL:
