DETAILED INFORMATION

Description

The Ferretti 830 was the first yacht of the Ferretti range to have the new open view window in the master cabin that ensures a completely unique view of the sea both from the bed, facing the window, and from the bathroom, with two communicating sections. The slender contours of the flying bridge are due to the unusual positioning of the roll bar towards the bow which gives a valuable advantage creating an area of shade over the sofa during the hottest hours. The layout of the navigation bridge has also been reassessed and unites practicality and aesthetics in a pleasingly cozy way. Inside the Ferretti style is immediately obvious with rich paneling in polished cherry-wood and extremely detailed fittings. Apart from the ample master cabin there are also two guest cabins and one VIP cabin with a double bed, all with en suite bathroom and shower. The vast salon is fitted out with every comfort including a plasma TV and up to eight people can dine in absolute tranquility. The sea becomes a real limitless pleasure with the Ferretti 830.

NOT FOR SALE TO US RESIDENTS WHILE IN US WATERS.
