# DETAILED INFORMATION

---

## Vessel Walkthrough

---

When approaching the vessel for the first time; you are amazed by the total practicality of this cockpit motor yacht. Wide walk-around decks; the absence of teak, plenty of outside seating and a generous cockpit for ease of line handling, fishing or getting in and out of the water.

The AFT DECK has plenty of area for lounging and is equipped with a wet bar and icemaker. This area is fully air conditioned for those “extra hot days” of summer.

The FLYBRIDGE has ample seating for six plus the captain’s chair. There is full array of electronics within easy reach of the helmsman who has 360 degree visibility. The flybridge is fully enclosed.

Entering the boat through the glass sliding door from the aft deck, the expansive SALON is a warm and inviting space. All woodwork is well-crafted light oak. This space also is open to the lower dinette and galley. To port is the L-shaped lounge with a large high low pedestal table. Across the salon is the starboard side entertainment area and lower helm (which is cleverly hidden in the cabinet work).

Leaving the salon going aft on the starboard side, you enter the expansive MASTER STATEROOM with a centerline king sized berth. This stateroom has a full ensuite head with enclosed shower, full-length hanging locker and washer & dryer.

Going down and forward, the ENGINE ROOM is accessed through opening the steps leading to the galley. The DINETTE comfortably seats four on the port side. Across from the dinette is the

full U-SHAPED GALLEY.

Going forward in the companionway, the second GUEST STATEROOM is to port with upper and lower berths. The VIP STATEROOM is all the way forward with an offset queen berth and private entrance to the shared head which is to starboard.

## Salon

---

- Complete lower helm controls
- Toshiba T.V. with built-in DVD player
- Direct T.V. receiver / KVH SAT Receiver
- Sony DVD player
- Sirius radio w/ Bose system
