DETAILED INFORMATION

Broker's Remarks

Windsor Craft Yachts are mahogany masterpieces hand built by master craftsmen. Each vessel requires an incredible 3,800 man hours and upon completion is a true work of art that inspires and lifts the heart to new heights of appreciation for the unparalleled craftsmanship found throughout each vessel.

Although designed to evoke nostalgia for the bygone wooden boat era, they are built with modern ingenuity, strength and reliability. The mahogany hulls are cold molded using the advanced two part West System Epoxy ensuring an incredibly strong hull. Along with the head-snapping, truly awesome appearance comes the security of quality systems, museum quality fit and finish and superb engineering. The hull ribs are made of a dozen or more layers of mahogany and West System epoxy. The hull skin is constructed of four layers of mahogany planks installed in four directions for strength and rigidity. The doors are made of solid mahogany and the trim work is hand sanded. The hardware has been custom designed and is of the highest quality. Finishing touches include 60 coats of clear varnish or jet black; flag blue or dark green Awlgrip. This boat has the mahogany hull. We have several available including Opens with gas engines and Majestic Blue hulls. We also have the WC 36 Hard Top that comes with various power options and hull colors.

Amenities

We have five of the Open models available. Four have the gas powered option and one is a diesel. The gas models have 280hp Volvo engines and Majestic Blue hulls. The diesel model has 330hp Volvos; one has a Majestic Blue hull and the clear mahogany hull. The manufacturer's suggested retail price of this boat is \$638,000. Our price is \$448,000
