SPECIFICATIONS

Overview

The Arrow is an 82' sloop custom built (to survey) in Brittany, France in 1987 by Dynamique Yachts for performance cruising in luxury and comfort. This fine yacht has recently undergone over \$500k of recent upgrades and has been completely refurbished and refitted for June 2009. The current owner sails and berths this yacht on his own! All the sails are self furling on a press button system, with the main sail being hoisted and furled by a hydraulic push button arrangement. Its wing keel design allows it to go into shallow waters normally associated with yachts half its size. "The Arrow" has two new, very economical 220hp Cummins diesel engines using approx 20 litres per hour and a 25hp bow thruster has been fitted to ensure stress free berthing. "The Arrow" is comes fully equipped and is ready for the next blue water expedition. Call our office for an inspection today.
