SPECIFICATIONS

Overview

With her European lines and reliable Caterpillar motors, with only 1,200 well maintained hours, she is a great sport yacht. Owner has kept her with a full time captain and an open check book and due to the fact that the 68 Sea Ray Sun Sport has not changed style and layout you are getting a boat that is basically much newer. Unlike her European competitors that show their age this Sea Ray 68 could easily pass as a 2006 model. Owner has given the approval to make this the most aggressively priced 68 Sea Ray in the world, you will not find a sport yacht for sale in this condition for such a low price. This boat will pass survey with no problem, she was just serviced and ready for cruising. Call for more detail and bring all offer and all trades.
