Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: Cummins

Model: 450

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Vessel Walk through

Vessel Walkthrough typical double cabin layout of fore and aft cabins but with walk-around berths in the VIP and Queen. Unique to this model is the small Mid-Cabin under the forward end of the Salon. VIP Cabin Starting all the way forward is the VIP Guest Cabin with a centerline queen size berth. Forward of the berth is a mirrored headboard and cherry AC vent. Above the berth is a round Bomar deck hatch with screen for ventilation and emergency escape. Two reading lights flank the hatch. Below the berth are two cherry storage drawers facing aft. To both port and starboard are Karadon shelves to serve as nightstands. Above the shelves are opening stainless steel portholes with screens and full drapes. Above the portholes and drapes are three cherry storage cabinets both port and starboard. Aft to port is a two door hanging locker with four shelves within. Aft to starboard is access to the Forward Head. Also in this cabin are digital air conditioning controls, stereo speakers with volume controls, CO detector, a built in 13" Quasar TV/VCR combo, access hatch to the QL bow thruster motor, three overhead mini spots and a carpeted sole. Guest Head The Forward Head serves as the VIP Head and as the Day Head via two separate access doors. The vanity has two cherry doors below and a Karadon countertop with an under mount stainless steel sink above. The shower is a stall shower with a curved Lexan door, seat, frosted opening porthole, hand held or wall mountable shower fixture and two mirrored storage cabinet doors. The toilet is a Sea Land Vacuuflush model. Also in the Head is a tile look sole, three overhead halogen mini spots, GFCI outlet, air conditioning outlet and an exhaust fan. Galley The Galley is one step up from the VIP Cabin and located to port in a U shape. Open to the Salon by a chest high bar it is very easy to converse with those in the Salon. Large windows forward offer plenty of ambient light for a wide open feeling. Equipment is as follows: Princess three burner Ceran top electric stove Karadon countertops Marvel built in refrigerator Marvel built in freezer Malber electric clothes washer/dryer combo (in passageway to Master Cabin) Black & Decker built in coffee maker Sharp Carousel microwave grill & convection oven Molded Corian type sink Broan trash compactor Pressure water system (7) Cherry cabinet doors (7) Cherry drawers Cherry laminate sole GFI outlet Mid Guest Cabin This cabin is located just opposite of the Galley and entered via a small door. This cabin is ideally suited for children but on TRUE BLUE the mattress is in storage and the area is used to store golf clubs, extra outdoor furniture, etc. The berth runs fore and aft, is wider than a twin berth and has an opening porthole with drapes. There are two half height hanging locker doors, lighting and an AC vent located in this area. Salon The Salon of the 466 Carver is huge! Greatly increased in size due to the raised side decks that traverse over the extra Salon width. Starting forward to port are two cherry bar stools with tan Ultra Leather seats that utilize the wide Galley countertop to serve as a breakfast bar. Two curved storage lockers stow glasses. Next aft is a tan Ultra Leather loveseat with a large hidden storage drawer below. Further aft is a the yacht's entertainment center

housed in a cherry cabinet with Karadon countertops. Included in the entertainment center are a 20" JVC TV, a JVC HR-VP590 VCR, a Harman Kardon AVR 110 video receiver, a Harman Kardon DVDS DVD/CD five disc player and Russound four position stereo selector switch. To starboard starting forward is an L shaped dinette to seat four with a hi lo dining table. Next aft is an L shaped tan Ultra Leather sofa with two incliner footrests. Between the sofa and the dinette is a cherry and Karadon two door cabinet that serves as an end table. Aft in the Salon are the yacht's electric panels, steps up to the Flybridge, and steps down to the Master Cabin. Also in the Salon is a lower set of windows with mini blinds (under the side decks in the hull sides) and an upper set of windows with drapes just above the side decks. There are digital AC controls, eight overhead mini halogen spots, a Bose Surround Sound speaker system, a CO detector and a carpeted sole with an access hatch into the Engine Room. Master Cabin Down three steps from the Salon is the Master Cabin with a queen size berth facing aft with two storage drawers below. The headboard is mirrored and there are two halogen reading lights in the mirrored soffit above. To both port and starboard are built in Kardon nightstands with drawers below and shelves behind. To port are four cherry drawers with a Karadon countertop above and two opening stainless steel portholes with mini blinds above. Three cherry storage cabinets and an upholstered fabric valance are above the mini blinds. At the foot of the berth is the cabin's entertainment center with a built in 20" JVC TV, an Aiwa AM/FM/cassette CD player and a Panasonic Hi Fi VCR, all built into cherry cabinetry. Next inboard is a full length hanging locker, four drawers below, a Karadon countertop, the cabin's escape hatch with mini blinds above and two more cabinets above that. Outboard is a second full size hanging locker followed by access to the private Head. Also in this cabin are digital AC controls, six overhead mini halogen spots, a table lamp, a CO drawer, stereo speakers and a carpeted sole. Master Head Accessed only from the Master Cabin is the Master Head. The curved vanity has two cherry cabinet doors below, an under mount stainless steel sink below the Karadon countertop and four sliding mirrored doors above. The toilet is a Vacuuflush model. The shower has a bi fold Lexan door and side light, a seat, a hand held or wall mounted shower fixture and two sliding mirrored doors. Also in this are two opening stainless steel second portholes, an exhaust fan, a tile look sole, three overhead mini halogen spots and a mirrored overhead.
