Engine Type: Inboard

DETAILED INFORMATION

Introduction

Sweeping lines, comfortable accommodations, and a very attractive price make the Carver 41 CPMY a must see. Carver is nearly alone in building a yacht of this type and size; indeed CPMYs are a vanishing breed these days. Among several appealing attributes, the full beam salon of the 41 CPMY is notable for its excellent natural lighting and easy-on-the-eye décor. Angled double berths in both staterooms make the most of available space, and the “L” shaped galley includes a recessed coffee maker, solid surface counter tops, and under counter refrigeration. A particularly beautiful feature is the master cabin sliding glass doors which allows easy access to the cockpit. On the aft deck, a standard hard top and acrylic wing doors provide protection from the elements. Perhaps the best feature is the large cockpit area with transom door and large swim platform. The cockpit is a wonderful place to sit and relax while enjoying the water sights and sounds.

A well conceived cruising yacht with an impressive array of standard features, added with the many options, “MO” will please any discriminating buyer.

Short Sale!!!

"Seller Will Present All Reasonable Offers To The Bank!"

Accommodations

Entering from the swim platform and through the transom door you enter the large cockpit area with storage areas and easy access to the side decks. You can either enter the boat through the master stateroom sliding glass door or up a few steps into the aft deck. The aft deck is complete with built in seating, snap in carpets, and large storage areas. Up a few molded steps and onto the flybridge you realize that the flybridge can handle a crowd. Joint swivel helm seats and a large aft seating arrangement allow easy conversations. The wet bar and ice maker is located on the flybridge. The flybridge is completely enclosed with tan Sunbrella fabric and eisenglass windows. Back to the aft deck and into the boat through a sliding door you enter the main salon. To port is an “L” shaped settee which opens into a double berth. To starboard is a single matching chair with ottoman and the entertainment center. The open salon allows a panoramic view of the outside and unmatched natural light. Amidships in the aft salon is the entrance into the master cabin. The angled double berth allows complete walk around. Along the port side is the entertainment center and entrance into the head with separate shower stall. Along the

starboard side of the master stateroom are several storage areas. Aft in the master is the sliding door with cockpit access. Back to the salon and down one step is the “L” shaped galley area with unmatched storage, under counter refrigerator and a separate freezer, coffeemaker and beautiful solid surface countertops. Along the port side is the dinette for four with under bench storage and solid cherry table. Further forward and along the port side is access to the day head, which also acts as the guest head. The guest stateroom is all the way forward and the berth is angled allowing easy access. The guest stateroom has ample storage with under berth drawers and a hanging cedar lined locker.

All interior fabrics are match with decorator accent pillows and the beautiful matching carpets. All wood work is high gloss cherry cabinetry and cherry accents. The heads are Vacu-Flush heads and heads have diamond non-skid flooring.

Galley

The “L” shaped galley offers large storage areas, under counter refrigerator and freezer, Karadon solid surface countertops, and huge counter spaces. The galley will please the chef!
